Project Name	Comic Craft AI
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• User opens Comic Craft AI • Enters a story idea • Selects comic preferences	• AI generates story and characters • AI creates scenes and comic panels • User reviews the generated content	• User edits the comic • Previews the final comic • Saves or downloads the comic
Touchpoint <i>What part of the service do they interact with?</i>	• Web application • Story input form • User interface	• AI/Gemini API • Comic generation interface • Character and scene generator	• Comic preview screen • Edit tools • Download/save option Customer Thought
Customer Thought <i>What is the customer thinking?</i>	• “I have an idea for a comic.” • “I want an easy way to create it.” • “Will AI understand my idea?”	• “The AI is creating my comic.” • “Do the characters look good?” • “I want to see the final result.”	• “I want to make some changes.” • “Does my comic look good?” • “I want to save my comic.”

Customer Feeling <i>What is the customer feeling?</i>	Excited Curious Hopeful	Interested Curious Excited	Happy Satisfied Proud
Process Ownership <i>Who is in the lead on this?</i>	Product/UI team User	AI development team Backend/API team	UI/Frontend team User Opportunities
Opportunities <i>How can we improve this stage?</i>	• Make the input from simple • Provide story examples • Add easy-to-use options	• Improve AI generation quality • Provide character customization • Reduce generation time	• Add easy editing tools • Provide preview options • Make saving/downloading simple
